THE PRACTICAL AND REALISTIC TRAINING SET

INSTRUCTION MANUAL

Step 1 Take the metal plate and mark the screw holes on the Hoofjack with a marker pen.

Step 2 Use a 9 mm drill to pierce the marked points on the Hoofjack.

Step 3 Use the screws, washers and Allen key provided to screw the reinforcing plate with pierced holes to the Hoofjack.

Step 4 Attach the training hoof to the mounting head by sliding down the handle on the head.

Step 5 Turn the part of the arm with the mounting head a quarter turn to the desired position by sliding the metal ring upward.

Step 6 Use the adjustment screw on the Hoofjack stand to adjust the Diamond Hoof Stand's adjustable arm to the preferred height.
