

GEL ACCESSORIES

COMFORT GEL CHAIN GUARD

FEATURES

The Horsena Comfort Gel Chain Guard offers a quick and effective protection against chafing caused by the chain, preventing irritation and injury. The special polka dot protrusions, placed in contact with the horse's skin, allow a better adherence, increase blood circulation and give a pleasant massaging effect. The elastic and shock-absorbing gel helps to reduce curb chain shocks by distributing pressure evenly. It is designed to keep the chain in the correct position, avoiding the twisting and overlapping of the rings. Ideal for horses with sensitive jaws. Made in Italy.

- PROTECTS FROM ABRASIONS
- PRESSURE RELIEF AND DISTRIBUTION
- ERGONOMIC FIT
- GRIP SYSTEM
- MASSAGE EFFECT
- MADE IN ITALY
